10642	USER STORY 8: Role-Based Access Control for Telemedicine	User story	New		Normal
10588	EPIC 4: Secure Data Storage & Transmission	Epic	New	Alana Mariya P C	Normal
10940	As a System, I want medical data encrypted at rest so that breaches do not expose readable data.	User story	New	Alana Mariya P C	Normal
10941	As a Patient, I want all data transmitted securely so that interception is prevented.	User story	New	Alana Mariya P C	Normal
10942	As a Compliance Officer, I want data minimization enforced so that unnecessary data is not stored.	User story	New	Alana Mariya P C	Normal
10943	As a System, I want to pseudonymize patient identifiers so that identities are protected internally.	User story	New	Alana Mariya P C	Normal
10944	As an Administrator, I want secure backups so that data can be recovered after failures.	User story	New	Alana Mariya P C	Normal
10945	As a System, I want encryption keys securely managed so that data cannot be decrypted unlawfully.	User story	New	Alana Mariya P C	Normal

ID	Subject	Type	Status	Assignee	Priority
10946	As a Patient, I want my sensitive data isolated so that exposure risk is reduced.	User story	New	Alana Mariya P C	Normal
10947	As a System, I want integrity checks so that tampered data is detected.	User story	New	Alana Mariya P C	Normal
10590	EPIC 2 : Medical Records, Consent & Privacy Management	Epic	New	Adwaith A	Normal
10591	EPIC 1: Secure User Authentication & Role-Based Access Control	Epic	New	Alana Mariya P C	Normal
10932	As a Patient, I want to securely log in using strong authentication so that my medical data remains protected.	User story	New	Alana Mariya P C	Normal
10933	As a Physician, I want access only to patients assigned to me so that I comply with privacy regulations.	User story	New	Alana Mariya P C	Normal
10934	As an Administrator, I want to define user roles so that access follows least-privilege principles.	User story	New	Alana Mariya P C	Normal
10935	As a User, I want my session to expire after inactivity so that shared devices remain secure.	User story	New	Alana Mariya P C	Normal
10936	As a System, I want to enforce strong password policies so that unauthorized access is reduced.	User story	New	Alana Mariya P C	Normal
10937	As an Administrator, I want to deactivate users who leave the organization so that access is revoked immediately.	User story	New	Alana Mariya P C	Normal
10938	As a Compliance Officer, I want role assignments logged so that access decisions are auditable.	User story	New	Alana Mariya P C	Normal
10939	As a System, I want to block repeated failed login attempts so that brute-force attacks are prevented.	User story	New	Alana Mariya P C	Normal
14949	Completed	Summary task	New		Normal
14959	Add Basic Chatbot	Task	New	Pradeep Sasidharan	Normal
14968	Implement Blockchain Logging	Task	In progress		Normal
14976	Completed the audit logging for log in	Task	New		Normal
15047	Add Basic Chatbot functionality	Task	New		Normal
21272	Add Chat functionalities	Task	In progress		Normal
21379	Implement Secure Password Hashing	Task	New		Normal
21388	interoperability	Task	New		Normal

ID	Subject	Type	Status	Assignee	Priority
21403	UI designn	Task	New		Normal
21575	Add Encryption for chat function	Task	In progress		Normal
21577	Add Resheduling functions	Task	New		Normal
21578	Add Encrypted file transfer for chat function	Task	In progress		Normal
21611	Add Video downloading function for Video call	Task	In progress		Normal
21612	Clean UI for easier usage	Task	New		Normal
21631	Update chatbot with a cloud model	Task	In progress		Normal
